Workforce Overview

2006 to 2013

The HR dashboard summarizes workforce trends at Adventure Works between 2006 and 2013. A total of 290 active employees are currently in the company, spread across several key departments. Production and Sales remain the largest divisions, together representing more than half of the total headcount. Hiring activity reached its peak in 2009, when the company recorded the highest number of new hires, followed by a gradual slowdown in later years.

Gender distribution shows approximately 71 % male and 29 % female employees. The average tenure stands around 4 years, reflecting stable retention. Attrition Rate: Currently recorded as 0% across all departments, indicating either exceptionally high employee retention or missing termination data. Further data validation is recommended to confirm whether exits are being tracked.
